

L'ETRIER

The origins

"The Most colossal and the most luxurious hotel of the region"

All Paris found itself to Deauville for the official baptism of the Hotel Barriere ROYAL Deauville. We are July 28th, 1913, a crowd of personalities begins the visit of some of 400 rooms, commented by both architects, Théo PETIT and Georges WYBO. The hotel «THE ROYAL» was only built in ten months, for time it was about an architectural record. The decision to build such an establishment returns to Eugène CORNUCHE there.

Indeed, hardly of the success of the summer season, he considers, rightly, that the capacity of «NORMANDY hotel» will be insufficient to receive the more and more numerous summer vacationers.

Eugène CORNUCHE hesitated for a long time on the name of what will be brought to become «the most colossal and the most luxurious hotel of the region» : THE AMPHYTRITE or the ROYAL? It will be finally the second name, considered much more international with regard to his future clientele, susceptible to come from Great Britain or the United States.

Since September 3rd, 1975, date of the first festival of the American cinema, created by André HALIMI and Lionel CHOUCHAN, the hotel «THE ROYAL» became the inescapable place of the movie stars. Elisabeth Taylor, Sylvester STALLONE, Meryl STREEP, George CLOONEY, Brad Pitt and Angelina JOLIE, and many others else stayed at the ROYAL hotel during the festivities.

Today, at the hotel Barriere Royal Deauville, we cross regularly personalities' large number of the world of the cinema, the media and the show, who like finding themselves there and spending idyllic night in a prestigious frame.
